## For the Month

We supported the Shavathon in support of Cancer survivors at the Randridge Mall (the 3 bald guys in top picture). Claudia had her hair sprayed pink...

Early hour of the morning (00h30 to 04h30) house breakings are still ongoing, please ensure that you arm your security systems at night.

In general residents are starting to use their alarms by arming them when they are home and this leads to a success in reduction of house breakings. Alarms go off and the opportunists run away.... however there are still residents that do not follow this procedure so PLEASE remember to arm your alarms and perimeter protection at night as this is definitely a deterrent.

Community Support Services has put together an initiative to assist the police with the Smash and Grab Hot Spots. Various security companies and Community Support have adopted a smash and grab hot spot and standoff in those places during peak hour traffic times, mornings and evenings. This has reduced the smash and grabs. This will be on going.
